Ofenbach

We could keep things private
If you want it, you want it, you want it
Talk to me in private
Do you like it, you like it, you like it?

You push me straight to my limits
So I guess I was wrong you're not shy
Sit down, don't judge and just listen
We should stay one more, stay one more night

We could keep things private
If you want it, you want it, you want it
Talk to me in private
Do you like it, you like it, you like it?

If you want it, you want it, you want it
We could keep things private
Do you like it, you like it, you like it?
Talk to me in private

Two of us were more than just physics
There's a world that you hide in your eyes
When you push me to the edge with your spirit
We should stay one more, stay one more night

We could keep things private
If you want it, you want it, you want it
Talk to me in private
Do you like it, you like it, you like it?

If you want it, you want it, you want it
We could keep things private
Do you like it, you like it, you like it?
Talk to me in private

We could keep things private

Talk to me in private

We could keep things private
