

Are You Feeling It Too?

Off Bloom

I don't wanna feel
I don't wanna stress 'bout happiness
I'm not talkin' 'bout the summer
But I really don't wanna think about whether I'm a success
I don't wanna hear it
I don't need the stuff inside my head
At the moment I'm not feelin' that productive
And officially afraid of the internet

I just wanna do my life and feel okay
Pull the plug, we're under pressure, oh-oh
All the voices in my head they keep on sayin'
"Not good enough, got to do it better"

Are you feeling it too, too?
Feeling it too, too, feeling it, feeling it too, too
Are you feeling it too, too?
Feeling it too, too, feeling it, feeling it too, too

No, I don't wanna feel
I don't wanna stress 'bout that we'd miss
'Cause I'm actin' really stupid and I'm speakin' way too loudly
Yeah, I'm crying like you when I'm upset
I don't feel like posin'
You know that so me, so not me
'Cause my head is feelin' dizzy
And my mind is going crazy just like negative reality, yeah

I just wanna do my life and feel okay
Pull the plug, we're under pressure, oh-oh
Feel I'm steroids on the net
Puts the voice inside my head
"Not good enough, got to make it better"

Are you feeling it too, too?
Feeling it too, too, feeling it, feeling it too, too
Are you feeling it too, too?
Feeling it too, too, feeling it, feeling it too, too
Are you feeling it too?
Are you feeling it?
Are you feeling it too?

I just wanna do my life and feel okay
Pull the plug, we're under pressure (Pressure)
I need you so tell me

Are you feeling it too, too?
Feeling it too, too, feeling it, feeling it too, too
Are you feeling it too, too?
Feeling it too, too, feeling it, feeling it too, too
Are you feeling it too?
Are you feeling it?
Are you feeling it too?
Are you feeling it too?
Are you feeling it?
Are you feeling it too?
