

Always needed hope, that you're living like  
Always needed hope, that you're living like  
Feels like it all ignites, it all ignites  
Never gonna live it right

Feelin' right, living like  
Never see you in the light  
Feelin' right and living like  
Never see you in the light  
Go go make you run for all your life  
You never gonna feel this right

'Cause I-I-I will never be through  
Like nobody else  
'Cause I-I-I have faith in you  
Like nobody else  
'Cause I-I know it will all come true, you know  
Shake it like you want it all  
Ro-ro, ro-ro  
Shake it like you want it all  
Ro-ro, ro-ro  
Shake it like you want it all  
Ro-ro (like you want it all), ro-ro  
Shake it like you want it all  
Shake it like you want it all  
Shake it like you want it all  
(Like you want it all)  
Shake it like you want it all

Pick the wings that will take you high  
Pick the wings that will take you high  
Feels like they're way too tight, way too tight  
Never gonna wear 'em right

Low in flight, the night is black  
Running with the morning pack  
Low in flight, yeah the night is back  
I'm running with the morning pack  
Blow, blow make the wind flight, falcon eye  
Take-off due here tonight

'Cause I-I-I will never be through  
Like nobody else  
'Cause I-I-I have faith in you  
Like nobody else  
'Cause I-I know it will all come true, you know  
Shake it like you want it all  
Ro-ro, ro-ro  
Shake it like you want it all  
Ro-ro, ro-ro  
Shake it like you want it all  
Ro-ro (like you want it all), ro-ro  
Shake it like you want it all  
Shake it like you want it all  
Shake it like you want it all  
(Like you want it all)  
Shake it like you want it all

'Cause I, 'cause I, 'cause I-I will never be  
Shake it like you want it all  
'Cause I-I-I-I-I-I-I will never be  
Shake it like you want it all  
Shake, shake, shake, shake, shake it all  
You know, shake it like you want it all, want it all, want it all  
Shake it like you want it all  
Ro-ro, ro-ro  
Shake it like you want it all  
Ro-ro, ro-ro  
Shake it like you want it all  
Ro-ro (like you want it all), ro-ro
