

Hey Bae

Off Bloom

I'm pulling you up, in need of my shoulder
I know you don't got anymore
And you know how I am
And no one is talking, I know that you need to
I know you don't think anymore
And you know how I am

You know I say
Hey bae, let's do it your way
Hey bae, let's do it your way, way
Oh my bad, why they're looking away
Jumbo, why they're looking away
You know I got a plan
Hey bae, let's do it your way
'Cause I like the things I'm not used to
You're known in fucking and give it all up
And you know we won't stop
Until we do it your way
Hey bae, let's do it your way
Hey bae, let's do it your way, way
Oh my bad, why they're looking away
Jumbo, why they're looking away
Show me that we can
Hey bae, let's do it your way
'Cause I like the things I'm not used to, used to
You're known in fucking and give it all up
And you know we won't stop
Until we do it your way

We do it together, we're growing our feathers
I only ride by your side
And you know how I am
I'm always depending on you to be standing
Steady right here by my side
Let me know that you're my man

You know I say
Hey bae, let's do it your way
Hey bae, let's do it your way, way
Oh my bad, why they're looking away
Jumbo, why they're looking away
You know I got a plan
Hey bae, let's do it your way
'Cause I like the things I'm not used to
You're known in fucking and give it all up
And you know we won't stop
Until we do it your way
Hey bae, let's do it your way
Hey bae, let's do it your way, way
Oh my bad, why they're looking away
Jumbo, why they're looking away
Show me that we can
Hey bae, let's do it your way
'Cause I like the things I'm not used to, used to
You're known in fucking and give it all up

They will be talking shit

And really kill you behind your back
But you've got dynamite, dynamite
That they'll never have
Have to know that they'll be talking shit
And really kill you behind your back
But if we do it right, do it right
We'll never look back

You know I say
Hey bae, let's do it your way
Hey bae, let's do it your way, way
Oh my bad, why they're looking away
Jumbo, why they're looking away
You know I got a plan
Hey bae, let's do it your way
'Cause I like the things I'm not used to, used to
You're known in fucking and give it all up
And you know we won't stop
Until we do it your way
Hey bae, let's do it your way
Hey bae, let's do it your way, way
Oh my bad, why they're looking away
Jumbo, why they're looking away
Show me that we can
Hey bae, let's do it your way
'Cause I like the things I'm not used to
You're known in fucking and give it all up
And you know we won't stop
Until we do it your way
