

# Love Actually

Off Bloom

Stand back, watching this unfold  
I just can't believe you don't  
See that you are way too good potentially  
This heat, never growing cold  
Heartbeat pounding in my throat  
Don't speak, I just want your hands on me, finally

My mama said, "It's just [?]"  
But baby, I don't care, to me you're [?]  
Let's climb to the top  
Yeah, let's bring them up to speed

I know it's love actually-y-y-y  
And we're running free, free, free, free  
I know it's love actually-y-y-y  
And you're way too good for me-e-e-e

I know it's love, ooh-ooh, ooh, ooh  
I know it's love, ooh-ooh, ooh, ooh  
I know it's love

See, my dress is on the floor  
Fuck like it's never done before  
Maybe this is way too good, essentially  
This high, never going low  
Still night when you gotta go  
White lies, is this only real for me, honestly?

My mama said, "It's just [?]"  
But baby, I don't care, to me you're [?]  
Let's climb to the top  
Yeah, let's bring them up to speed

I know it's love actually-y-y-y  
And we're running free, free, free, free  
I know it's love actually-y-y-y  
And you're way too good for me-e-e-e

I know it's love, ooh-ooh, ooh, ooh  
I know it's love, ooh-ooh, ooh, ooh  
I know it's love

You mess with my hair, I'm messing my bed  
But baby I don't, can you just change the speed  
You know I don't think  
I love when you take the lead

I know it's love actually-y-y-y  
(My mama said, my mama said)  
And we're running free, free, free, free  
(Baby, I don't)  
I know it's love actually-y-y-y  
(Let's climb to the top, let's climb to the top)  
You're way too good for me-e-e-e  
(Bring them up to speed)

I know it's love, ooh-ooh, ooh, ooh

I know it's love, ooh-ooh, ooh, ooh  
Love actually-y-y-y (ooh-ooh, ooh, ooh)  
And we're running free, free, free, free (ooh-ooh, ooh, ooh)  
I know it's love
