Off Bloom

Low sound goes around
Low (low)
Low sound goes around
Low (low)
Low sound goes around
Goes around
Can we control it now?
(Now, now, now)

This is the only chance
Let's just get to it
Let's just go through it
Come on, just do it
(Ho-hold, hold it down)
(Down, down, down, down, down)

You need the one, and you need my kiss
You need the light so you can see things clear
Suck on me now, love your blossoming hate
Your colours evolving, I now understate

You need the one, and you need my kiss
You need the light so you can see things clear
Suck on me now, love your blossoming hate
Your colours evolving, I now understate

Sun-suck, morning light
Sun
Gaze from the night sky
Sun
Sun-suck, morning light
We can't control it now
(Now, now, now)

This is the only chance
Oh, let's just do it
Have to go through it
Let's get onto it
(Ho-hold, hold it down)
(Down, down, down, down, down)

You need the one, and you need my kiss
You need the light so you can see things clear
Suck on me now, love your blossoming hate
Your colours evolving, I now understate

You need the one, and you need my kiss
You need the light so you can see things clear
Suck on me now, love your blossoming hate
Your colours evolving, I now understate

I'm gonna take you, I'm gonna take you
My own way
'Cause soon you'll be knowing my name
Yeah soon you'll be knowing my name
(Your name)
I'm gonna take you, I'm gonna take you

My own way

'Cause soon you'll be knowing my name

Yeah soon you'll be knowing my name

(Your name, your name)

You need the one, you need the one kiss

You need the light so you can see things clear

Suck on me now, love your blossoming hate

Your colours evolving, I now understate

You need the one, and you need my kiss

You need the light so you can see things clear

Suck on me now, love your blossoming hate

Your colours evolving, I now understate
