

Roxanne

Off Bloom

Only a T-shirt on
Picture perfect
I'm in the flashing lights
Late at night
The champagne's on ice
Feelin' thirsty
Put on the red light
For you tonight

You know that one thing we don't normally do
You know that you want it, I'll do it for you yeah
I'll do it for you

What I'm sayin'
What I'm doing in the night
That's nobody's business
It's Roxanne
She don't tell a lie
Don't tell a lie

What I'm sayin'
What I'm doing in the night
That's nobody's business
It's Roxanne
She don't tell a lie
Don't tell a lie

It's Roxanne

Now I'm all stripped down
Feeling rude yeah
Now it's Kodak time
I'll make you mine
I could be your princess
Or dominatrix
I do whatever I like
Every night

You know that one thing we don't normally do
You know that you want it, I'll do it for you yeah
I'll do it for you

What I'm sayin'
What I'm doing in the night
That's nobody's business
It's Roxanne
She don't tell a lie
Don't tell a lie

What I'm sayin'
What I'm doing in the night
That's nobody's business
It's Roxanne
She don't tell a lie
Don't tell a lie
