

## Straight to Hell

### Off With Their Heads

Well my worn-out boots are taking me downtown  
I'm looking for trouble and I wanna get loud  
Serve me up a drink and I'll shoot it right down  
And I'll jump up on the bar and have one more round

I'm going straight to hell  
Ain't nothing slowing me down  
I'm going straight to hell  
So you just better get me one more round

Well, back in the day with my uncle Jed  
He kept a lot of moonshine out in the shed  
Taught me how to drink, how to be real proud  
Of my hillbilly ways and my outlaw style

I'm going straight to hell  
Ain't nothing slowing me down  
I'm going straight to hell  
So you just better get me one more round

Well, I'm racing the back roads, tryna save my life  
'Cause the sheriff wants to kill me 'cause I fucked his wife  
I'm always on the run with a gun in the hand  
'Cause I like a good time and a one-night stand

I'm going straight to hell  
Ain't nothing slowing me down  
I'm going straight to hell  
You just better get me one more round  
You just better get me one more round
