

Trash It

Off With Their Heads

We're all running out of time, we're running on empty
Now we're shaking loose change in the palm of our hands

I want to leave, I want to be clean, I want to give it up
And I want to make clear that I
Have taken what I have and I've thrown it all away
Yeah I've thrown it away

I'm not making an excuse, I'm not trying to downplay
I'm not here to try and justify the things I've said

I want to leave, I want to be clean, I want to give it up
And I want to make clear that I
Have taken what I have and I've thrown it all away

My last chance to change what you see
I've got a letter that you're never going to read
And I am preparing to be what
I am now capable to see
That last chance to change what you see
I've got a letter that you're never going to read
And I've prepared to release myself

And I am preparing to be what
I am now capable to see
That last chance to change what you see
I've got a letter that you're never going to read
And I've prepared to release myself
