

Everybody Needs a Man

Offer Nissim

You can't stop the love love
You can't tell us no no
We can't get enough
Everybody needs a man

You can't take our freedom
Couples or a threesome
We are what we become
Everybody needs a man

Oh oh oh
Everybody needs a man
Oh oh oh
Everybody needs a man

Oh he was calling me
I hear his voice
He is waiting
From a far
Who you are
