Offer Nissim

I lose my security
When your not around
No one can trust but to shelter me
All the walls come falling down

Sound of your voice
Your not alone
Give me the strength I need
To bring me home
To bring me home

Above the clouds spin back and saw
Your fear cant fence me yeah
When I scared I lock the door
Keep the darkness out
till the sun shines again

Sound of your voice
Your not alone
Give me the strength I need
To bring me home
To bring me home

Whenever you near I lose my fear
I know with you I know that I cant go wrong
The darkness keeps waiting
Finally found a better way
You shine the light to guide me safely home
