

# Superman

Offer Nissim

In the desert  
I'd feel better  
when you love me like no other  
you can save me  
you can have me  
if you'd like there wouldn't be others

Baby don't understand  
that you could be my man  
what ever is your plan  
I'm up for it up for it

Hitting me like a storm  
breaking outside the norm  
together we perform  
I'm up for it  
hot for it

Baby don't understand  
that you could back again  
you'll give me love love  
you'll be superman
