For these niggas to get on my level true say they need more tha

I'm out here tryna live my best life but back home my people de

From a little ass yute from Lagos now I'm tryna see places like
Vegas

I came here as an immigrant now it's the countries papes that I
'm taking

Tryna do man Casper Ghost, but I believe in God

So no weapon fashioned against me shall prosper

And just like we say in church

Anything opp back to sender, ay

Anything opp back to sender
