

# BUSS MY WATCH

Offset

Buss my watch  
Yeah, yeah  
Buss my watch  
Maison Margiela on the thot  
Wheezy outta here

Buss my watch  
Maison Margiela on the thot  
CPN put her in the spot  
Turn it up, make another knot  
Flexing on the 'Gram where you stay  
Saving these bitches with a cape  
Staying out the way, gettin' paid  
Teach them how to surf on the wave

I took a nigga bitch, doggystyle on the floor  
Pretty bitches in the party doing coke  
Let's go  
He ain't really rich, say it ain't so  
Got money, I don't like to showboat  
I had to get on my feet  
When I fell, these niggas some wannabes  
I can tell, I trapped on the corner street  
Any weather  
I'm living life luxury  
How the hell  
There won't be another me and she can tell  
Feel like I'm dreaming, this Gucci, Chanel  
I told 'em get 'em some money, don't steal  
She wanna swim in this money like wells

You know what I'm saying?  
Yeah, let that thing talk to 'em  
Talk to 'em baby

Men lie, women lie, but the money tell the truth, though  
Lamborghini, but the roof ghost  
Patek on me, not a Hublot  
10th grade, kickin' doors  
Climbing through a nigga window  
Real life, no pretend though  
Choppa shooting, catch the memo  
Hallelujah for your kin folks  
Sorry, we gon have to spin more  
I'm a target so I keep a big 40  
Spin more, spin more, spin more, spin more  
I know them niggas got the memo  
Pointers hanging out the window  
Dropping ashes on my Rick-O

Buss my watch  
Maison Margiela on the thot  
CPN put her in the spot  
Turn it up, make another knot  
Flexing on the 'Gram where you stay  
Saving these bitches with a cape  
Staying out the way, gettin' paid
