Offset

Straight out the north (Straight out the north)  
I'm having the sauce (I'm having the sauce)  
The vault in the loft (The vault)  
Pop out in New York  
Got Chrome on the crosses, ain't taking no loss (Chrome Heart)  
They lied, I'm really the boss  
Two times, I fill up my opps  
Fuck three times, I hit the exhaust

Put the bitch out on the curve  
200 large in the black Goyard  
They pay me to chop up the words  
I hit your crush and curved her  
I put the crushed ice in the peach Crush with the syrup  
These nigga be hoes, they nervous  
Just popped the Perc', it's working  
New bitch ain't just bad, she perfect  
Run up the racks and turn up my circle

Check, ten million in blues  
Check, 5 racks on the shoes  
Check, hit the Met with your boo  
Fashion Week killer, end up on the news  
Check, I get dressed on the moon  
Check, I'm a thot, okay, cool  
Check, flew yo' bitch to Tulum  
I flood her out in the pool, smooth

Nigga hating on me, I'ma fuck his bitch  
Coming with a diss but he ain't on shit  
Cut his lights off when I hit this switch  
What the price cost? I'm 'bout to hit this lick  
What the hype 'bout? Niggas fall off quick  
Off the top rope, like Raw, like Vince  
Talking dog shit when ya dog got spent  
Eliantte, you can see it through the tint, I started this shit  
Watching my 'Gram, nigga bought all my fits  
Hold up my wrist, then she fuck on my wrist  
Sick of this ho, it's like yuck with that bitch  
Balling like I signed with Klutch with B. Rich  
Kobe, I'm coming in clutch with these hits  
Residence, I'm going pent' in The Ritz  
M on the car, it ain't making no sense  
Pop out, bad bitch coming through, she threw top out  
Fuck school and your rules, nigga dropped out  
Playing tic-tac-toe, it's a opp out  
And my shooter like a janitor, the mop out  
We been sleepin' on the floor in the trap house

Now we traveling the globe, I'm a cash cow  
She a muse walking 'round with her ass out  
I ain't trying to talk, nigga, pull the cash out

Check, ten million in blues  
Check, 5 racks on the shoes
