Bad bitch taker, AK-slangin'-ass gangster
White flags, nigga, we don't hang 'em
Two gun gang, twin Glocks, nigga, I'm flamin'
Shoulda been a teacher how I get you white chalk
Loyal to the gang, I can never get bought
Stay up out the streets, you need to use the sidewalk
Bitches clout-chasing, I can't fuck a bitch raw
Rappin' all that rah-rah, nigga got robbed
I can see right through you, pussy boy, you not hard
When the gang slide, everybody get scarred
Slumped over, police thought that nigga popped a bar
We don't type on keyboards, we shoot choppas
Ask around the city, deuces, I ain't never copped 'em
Savage way too solid, I don't lie and I don't gossip
Came from the gutter, now all the bad bitches top me
Bought a new coupe and the top saying, "Drop me"
Dissing me, you better off just saying, "Savage, drop me"
Way too authentic, pussy boys can't copy
Knife tatted in his face, that mean he got a body
Two bad bitches doing the 69, free Shotti
Show my Richard Mill, I don't gotta show my ID
Nigga wrote a statement and he picked you out a ID
We ain't stopping 'til your whole gang on a IV
