Bentley Ferrari my caliber  
I got young niggas on capital  
Pulling up with the chopper Texas Massacre  
When I'm sitting in the Bentley pull the curtain down  
Trappin' and cappin' I'm tryna get about a hundred pounds  
Call me here I'm trapping in the underground  
Started with a four but then I whipped it to a nine  
I got [?] the money after my time  
Made a million just off speaking my mind  
Sipping Actavis a hundred a line  
When I'm pulling up nigga I'm shooting like Shine  
It's a power move  
Turning my wrist in the pot Typhoon  
You a monkey nigga call a nigga [?]  
You bitches be sucking on niggas call that bitch a vacuum
