

Risk Taker

Offset

Aye
Baby they can't
Keep up
Whoever talked down on you gotta speak up
You in your bag once again
You can't be touched
I got a bag I can spend it don't mean much
Hmm
We can vacay when your week up
Or we can slide when you want fuck the streets up
I wanna see your feet up
I got a bag I can spend it don't mean much
What's your mood

Yeah Yeah
I know you want a risk taker don't ya
Girl you want a rich nigga don't ya
Baby what's your mood
Yeah Yeah
I know you want a risk taker don't ya
Girl you want a rich nigga don't ya
Aye
Yeah

Checks have you ever rode on GV's
Yeah the jet
I can get you Birkins any size at Hermès
Diamond crosses on your chest now cause you're blessed
Crying in the Double R when you feel stressed
Knew you was a shooting star when I felt your breast
I didn't want to get involved cause I got the check
When you take your clothes off you look the best
I can make you doze off after sex
If you rockin then the cash I'll blow
I can make some money cause it's all I know
Put you in the Goyard
YSL coat
Promise Imma go hard and help us grow

They say love don't cost a thing
I know that's nice
And we ain't gotta name no price
But you can have whatever you like
Oh

Aye
Baby they can't
Keep up
Whoever talked down on you gotta speak up
You in your bag once again
You can't be touched
I got a bag I can spend it don't mean much
