

Swing My Way

Offset

I can ice ya arm, I can ice ya charm
I can get ya coco but that photo sent ya home
I pulled up in SoHo in a robo cybertron
I'on care what they on, I'm from two fingers and thumb
Shawty, swing my way, shawty, swing my way
Shawty, swing my way, I got racks to play
Shawty, swing my way, shawty, swing my way
Shawty, swing my way, Maybach with the drapes (Hey)

Look at the cover of my album, nigga, when I dropped, that shit was bomb
That pussy got power, baby, I take her to shop in Milan
I got invisible sets, cost a leg and a arm
I get unlimited checks, like I'm Capital One
Capital P, cutout the sleeve, cropping the tee
Tourbillon piece, exclusive to China, one off a three
New G63, that BRABUS wide body, the belly the beast
You wouldn't believe how them nigga be biting, it's something to see
We get on a private, she getting excited to go the beach
We startup a riot, coming back to back fire, they can't even breath
Margiela tee, I know I inspired the tabi on feet
Patek Philippe, I got it from retail but worth a whole 3

I can ice ya arm, I can ice ya charm
I can get ya coco but that photo sent ya home
I pulled up in SoHo in a robo cybertron
I'on care what they on, I'm from two fingers and thumb
Shawty, swing my way, shawty, swing my way
Shawty, swing my way, I got racks to play
Shawty, swing my way, shawty, swing my way
Shawty, swing my way, Maybach with the drapes

Baby, I'm not one of them, I'm really one of them ones
I'm really having my motion, ya dig, I pull up and give ya some funds
Throw me that pussy, I knock out the park like my name Barry Bonds
Pretty lil' lady, her body look crazy, don't know where she from
Hopped out fresh out the coupe
Y'all nigga all out the loop
Stylin' Chrome Heart boots
Wake up the money like rooster
My wrist ice cream like moose
Tupac, I got the juice
Her chocker a Cuban, a noose
She blowing that shit like a flute

I can ice ya arm, I can ice ya charm
I can get ya coco but that photo sent ya home
I pulled up in SoHo in a robo cybertron
I'on care what they on, I'm from two fingers and thumb
Shawty, swing my way, shawty, swing my way
Shawty, swing my way, I got racks to play
Shawty, swing my way, shawty, swing my way
Shawty, swing my way, Maybach with the drapes (Hey)
