

# UPSIDE DOWN

Offset

Feel like everything is upside down  
Feel like everything is upside down  
Notice how I'm going down, down, down, down  
Notice how I'm going down, down, down  
Am I dreaming or I'm up right now?  
Don't you see? I guess I'm upside down  
Goin' down but I'm upside down  
Goin' down but I'm upside down  
Goin' down but I'm upside  
Can't you see that I'm down, down, down, down?  
I'm goin' down but I'm upside down  
It's lonely at the top, I look around

Don't do it do him  
Don't do it to him
