Beheaded

The Offspring

Mommy doesn't have a head any more Keep it underneath my bed on the floor Well that's alright, that's OK She never really used her head anyway

Daddy called me a silly bore
Bet he won't say that any more
Because the way his body is severed too
His vocal chords are gonna be hard to use

Beheaded, watch you spurt like a garden hose Beheaded, bloody mess all over my clothes

Watch my girl friend come to the door Chop off her head, she falls to the floor Now watching my baby's jugular flow Really makes my motor go

Wrap a towel round the bloody stump Take my baby's body to the city dump Then wipe the mess off the bloody axe Scoop all the heads into my burlap sack

Beheaded, watch her spurt like a garden hose Beheaded, bloody mess all over my clothes

All my collection, adorns my room on bamboo poles Use to be a little, but a little got more and more Now I'm craving yours

Night brings bad dreams, bad dreams and guillotines

Off with her head Off with her head

Find another victim for my machine
Put him in a home-made guillotine
Blade falls, gonna need a casket
Watch your head plop in a wicker basket

Leave the house at a quarter to four Come back with sixteen or more Cause the more I want, the more I see I got a funny feeling coming over me

Beheaded, watch you spurt like a garden hose Beheaded, bloody mess all over my clothes
