

Get Some

The Offspring

You can try now if you want
Chase that perfume down
She's got a fast machine
Watch her coming back around
Are you running pretty hot
That candle's got a flame
It's a lot of work
For that fifteen minutes of fame

Call the guards
And kick some ass ya
Burnin' hard
And livin' fast ya

Yeah yeah...
Come on and get some
Yeah yeah...
Come on and get some

You're chasing pretty hard
But you're back in second class
You can give it up
See the way that girl is stacked

Lord knows
You know how to bet, son
So come on
Come on and get some

Yeah yeah...
Come on and get some
Yeah yeah...
Come on and get some

Call the guards
And kick some ass ya
Burnin' hard
And livin' fast ya

Yeah yeah...
Come on and get some
Yeah yeah...
Come on and get some

Yeah yeah...
Come on and get some
Yeah yeah...
Come on and get some, get some
