

L.A.P.D.

The Offspring

When cops are taking care of business I can understand
But the L.A. story's gone way out of hand
acts of aggression, they say they're justified
seems an obsession has started from the inside
They're shooting anyone who even tries to run
They're shooting little kids with toy guns
Take it to a jury but they don't give a damn
the one who tells the truth is always the policeman

CHORUS

Beat all the niggers
Beat whoever you see
Don't need a reason
(We're) L.A.P.D.

City of L.A. feels like a prison
With helicopters overhead and bullets whizzing by
Martial law ain't no solution
Police brutality's just social pollution-Now!!!

Beat all the white trash
Beat whoever you see
Don't need a reason
(We're) L.A.P.D.

They say they're keeping the peace
But I'm not buying it because a billy club ain't much of a paci
fier
"Protecting your freedom"
Now that's just a lie
excuse for power that's more like an alibi
Law and order doesn't really matter
When you're the one getting bruisedand battered

You take it to a jury, they'll throw it in your face
Because justice in L.A. comes in a can of mace-Now!!!
