

# Looking Out For #1

The Offspring

Take it to the limit, I'm your sucker, here to win it  
That dumb look on my face is sayin', "You could have your way with me  
"

Never could have known it, would have blown it in a minute  
So don't you take my place 'cause it's a race to mock adversity

I'm just looking out for number one (Looking out for number one)  
I'm just looking out for number one (Looking out for number one)  
Move it up or move it out  
Move it up or move it out  
It's my way, my way, my way  
And I really don't care what you say  
Looking out for number one

Well, we used to believe in the hope and the dream  
Then they hit you with their lies, hit you with their lies  
When they turn you away and there's nothing to say  
Well, they've cut you down to size, we see it in your eyes

Take me to the bottom 'cause we got him and we know it  
Abandon and boycott 'em, should've shot him, it's a travesty  
Suckers keep on suckin' while they're crushin' and you know it  
So smoke 'em if you got 'em 'cause that cloud of yours is killing me

I'm just looking out for number one (Looking out for number one)  
I'm just looking out for number one (Looking out for number one)  
Move it up or move it out  
Move it up or move it out  
It's my way, my way, my way  
And I really don't care what you say

Number one

Well, we used to believe in the hope and the dream  
Then they hit you with their lies, hit you with their lies  
When they turn you away and there's nothing to say  
Well, they've cut you down to size, we see it in your eyes  
Well, we used to believe in the hope and the dream  
Then they hit you with their lies to bust you up inside  
When they turn you away and there's nothing to say  
Well, they've cut you down to size, we see it in your eyes
