Show me how to lie

**F**

You're getting better all the time

And turning all against the one

**G**

is an art that's hard to teach

**Am**

Another clever word

**F**

sets off an unsuspecting herd

**C**

And as you step back into line

**G**

a mob jumps to their feet

Pre chorus:

**Am**

Now dance, fucker, dance

**F**

Man, he never had a chance

**C**

And no one even knew

**G**

it was really only you

[Pre-chorus]

**F**

**Dm**

And now you steal away Take him out today

**Fsus2**

**E7**

**G**

Nice work you did You're gonna go far, kid

[Chorus]

**Am**

**F**

With a thousand lies and a good disguise

**C**

Hit 'em right between the eyes

**G**

Hit 'em right between the eyes

**Am**

**F**

When you walk away, nothing more to say

**C**

See the lightning in your eyes

**G**

See 'em running for their lives

[Verse 2]

**Am**

Slowly out of line

**F**

and drifting closer in your sights

**C**

So play it out, I'm wide awake

**G**

It's a scene about me

**Am**  
There's something in your way  
**F**  
and now someone is gonna pay  
**C**  
And if you can't get what you want  
**G**  
well, it's all because of me

**Am**  
Now dance, fucker, dance  
**F**  
Man, I never had a chance  
**C**  
And no one even knew  
**G**  
it was really only you

[Pre-Chorus]

**F**  
And now you'll lead the way  
**Dm**  
show the light of day
