OG Maco

At the bottom of a bottle  
At the top feeling hollow  
We been leading where you follow  
I'm a champ like Apollo  
At the bottom of a bottle  
At the top feeling hollow  
We been leading where you follow  
I'm a champ like Apollo

I was dreaming, I wasn't sleeping, no no  
I was waiting, I wasn't eating, no no  
Swear to lord all my prayers bless my patience  
It's them languages and [?] that's an issue  
The world'll give you just as fast as it'll take you  
We been all as a people known to break 'em  
Breakin' warmth, the frozen hands full of chicken  
I thought I gave 'em all, I was mistaken

At the bottom of a bottle  
At the top feeling hollow  
We been leading where you follow  
I'm a champ like Apollo  
At the bottom of a bottle
