OG Maco

I'm talking big bucks, I ain't wasting time on you little fucks  
I'm talking we all good, and we wish a nigga would so we all could  
I'm talking big bucks, and I ain't wasting seconds on you little fucks

God damn!

It's more money than complaints, it's more having than we ain't  
That's bout all I know  
The shit's real, every day another show  
Ten racks down, ten more to go  
I'm so good with pacing  
And my songs stay in your head cause I'm so good at lacing  
But my songs stay in your heart cause you know I'm not playing  
I got no love for a peon, we all start from greatness  
Triumph my fucking fragrance

I'm talking big bucks, I ain't wasting time on you little fucks  
I'm talking we all good, and we wish a nigga would so we all could  
I'm talking big bucks, and I ain't wasting seconds on you little fucks

Big bucks

Chopper hit a nigga, nunchuck  
In the trenches, got my crumbs up  
Made a million nigga, thumbs up  
Got the pistol, tryna come up  
Looking for the nigga, where he at?  
Just bought a Porsche, it's a hatchback  
Recording how I move like SnapChat  
I'm a mummy, tryna get the hundred million commas  
All these bitches want to fuck a nigga  
Fuck them bitches, Imma fuck they mama  
Pull up in the drop top Hummer  
Flexing, all the diamonds on my necklace  
Bitches looking at the fucking Bezel  
Meek Mill nigga, different levels  
Flintstone, I got fruity pebbles  
She tryna get my money, I won't let her  
Can't fuck her every day, my busy schedule  
Rockstar, I got heavy metal  
I got you popping like a fucking kettle  
Maison Margielas, fly with no feathers  
Cooking up the dope like it's Hamburger Helper  
You a dirty bitch and your mama a heifer  
I take off her clothes and I give her a physical  
Offset, he got riches, a fucking miracle  
Hit him with the chopper, send him to medical  
And these bitches treat me like I'm superior  
Don't run up on Migo Gang, my niggas serious  
Leave a pussy nigga bleeding like he on his period  
Shot that nigga, throw him in the river  
Now they looking for him, everybody is curious

I'm talking big bucks, I ain't wasting time on you little fucks  
I'm talking we all good, and we wish a nigga would so we all could
