

## For Scott

OG Maco

And the good man cries  
And the good man tries  
And the [?] man goes  
And it's all for us  
And it's all for us  
It's a new big candy  
Oh oh

Cudi took my soul  
Let me do  
How long is forever  
How long is forever  
How long is forever

And the good man cries  
(And the good man dies)  
And the good man tries  
(And the good man tries)  
And the [?] man goes  
(And the [?] man goes)  
And it's all for us  
And it's all for us

Cudi took my soul  
Let me do  
How long is forever  
How long is forever  
How long is forever  
Ohh  
Ohh  
Ohh  
(How long is forever)
