

# Good Gracious

OG Maco

All my life I been fuckin' waitin' (all my life)  
All my life I been fuckin' patient (all my life)  
I was on the block, while you on vacation  
Selling medicine to the patients  
All I can say is good gracious  
You thought I be flippin' chickens and I'm stirrin' gravy  
Look at me now all you can say is good gracious (good gracious)  
You thought I would be locked down, modern day slavery (locked down)  
Just look at me now all you can say is good gracious

Me and my brothers kicking doors every summer  
The neighbor say she gonna tell my mother  
If she found out, man her heart would crumble  
We was family before they called us gang  
50 brothers all road-runners  
Lost half to the chain gang, we had to cool out had to change lanes  
Made 20 thousand out the Apple store  
Then we made Versace on a Mac pro  
Bando started getting a rack a show  
Now it's 45k at arenas ho  
Good gracious, the way my life is changing  
You was the man back then now you ain't shit  
Wanna get mad nigga, baow, I'm strapped I got a lawyer for the cases  
Good gracious

I don't know limitation  
Money growin' like vegetation  
Money walls in the basements  
Money calling from the Caymans  
Never going for the naysayers  
Been hustlin', finessin' since breakfast  
Since I was like 10 or 11 seen cops and they prejudice, prevalent  
If you get that work and that fetti your boys will be better man  
But they shoot us down for the hell of it  
R.I.P Tony Robinson  
Niggas get shot everyday being Niggas play the fool if you ask me  
Good Gracious  
Blue ink on my thumbs from the faces, I'm pacing no thoughts of safe places  
to places  
Count boxes of mega's  
We made it from nothing man
