

Let's Get It

OG Maco

Known since the beginning, checkered flag waving
Now it's obvious we winning, now they want to feel me
Now they want to feel me, now they want to feel me
Let's get it, let's get it

We was living savage
Anything you have I could have it
Now I have things I couldn't fathom, no no, no no
While you chasing after dreams, you just got to grab them
You can have [?] if you can't manage
Better find a bitch for you, better find a bitch for you
Meanwhile I'm fucking two, yeah
It was just me and all my niggas, remember how we went all in?
Now it's did you miss sitting on this table
I would never killed my brother, I ain't Cain or Abel

Balling out a mansion, I just let them stripper hoes have it
Rolex, I don't care [?] diamond looking like a nigga married [?]
]
Now they want to feel me, now I'm riding better now
Bitches want [?], yah
Tell em how we living now, now they want to visit now
Bitches want to spend a night with me
Ever since it's been all my niggas, remember how we went all in
Real hundreds sitting on the table
I remember them, my brother [?] came up
