New cup

New cup, next blunt, I'm facing  
New love, no trust, I'm faking  
Right now, everybody 'round me faded  
Right now, everybody 'round me faded  
New cup, next blunt, I'm facing  
New love, no trust, I'm faking  
Right now, everybody 'round me faded  
Right now, everybody 'round me faded  
Everybody 'round me faded

New cup, next blunt, I'm facing  
New cup, everybody 'round me faded

I got extra like the news  
XXL covers, XXL bundles  
Couple bitches in the huddle  
Couple bitches in the puddle  
Make it rain, make it rain  
Hide the pain, hide the pain  
Make it rain, make it rain  
Hide the pain, hide the pain, yeah yeah  
I'm getting faded, I roll it and face it, yeah yeah  
She gettin' jaded, she pourin' up chaser, yeah yeah  
I'm getting faded, I roll it and face it, yeah yeah
