

# No Love

OG Maco

I'm from the darkest part of the darkness, ah  
And I don't know no laws  
I don't know no laws  
I'm from the darkest part of the darkness, ah  
And I don't know no laws  
I don't know no laws

She don't care about love  
She don't care about you  
She don't care about you  
She don't care about trust  
She gon' lie to you, she gon' lie about you

Of all of the cities, all the bitches fucking with me  
It's you, and it's you  
Of all of the cities, of all the bitches fucking with me  
It was you, why baby you

I'm from the darkest part of the darkness, ah  
And I don't know no laws  
I don't know no laws  
She's from the darkest part of the darkness, ah  
And she don't know no laws  
She don't know no laws

We don't care about life  
We don't care about you  
We don't care about you  
We don't care about you  
We gon' lie you, and we gon' lie about you

Of all of the cities, all the bitches fucking with me  
It's you, and it's you  
Of all of the cities, all the bitches fucking with me  
It was you

Dark, dark, dark, dark  
I'm from the dark  
Dark  
Dark

Pardon no part of me, I still be talking godly  
Mars, Zeus, Poseidon, god of water  
Round me deserve more than they ever bought me or brought around me  
Hiding effort is never bothered by common comments  
Harder work and it's spitting sicker and then vomit  
Fuck your bitches and act like J's heroin is pointless  
Jon Bon Jovi, it's somethin' and then they try to clone it  
Black Phil Collins, a black heel, steel red bottoms  
Nothing stops ya and my dick is like a turbo option  
I'm a drug and she a buyer and it's mental more than ever  
And it's really really love this time  
That's if I let it  
And it's really really good this time  
That's how she tell it  
Told shawty make her pussy get wetter and make you hit it  
I think I might just stay for a while and return visit

I'm plotting on something bigger  
I'm thinkin' 'bout ten Novembers, I'm colder than ten Decembers  
Know that I'm winning  
The money made me laugh, it's all

The money made me laugh, it's all  
The money made me laugh, it's all  
The money made me laugh, it's all  
The money made me laugh, it's all  
The money made me laugh, it's all  
The money made me laugh, it's all
