

Everybody

Ogie Alcasid

Everybody's movin'
Everybody's groovin' on the dance floor, yeah
There ain't no time to spare, people beware
There's so much more

The feeling is high
You know that I got the thigh
You can hit the ceiling
We're gonna party all night

Everybody (Everybody, everybody)
Everybody (Everybody, everybody)

I know that everybody would love
To be on the dance floor, yeah
People are singin' and swingin' to the rhythm

The feeling is high
You know that I got the thigh
You can hit the ceiling
We're gonna party all night

Everybody (Everybody, everybody)
Everybody (Everybody, everybody)

Tonight is the night
That we'll gonna remember (Remember)
Every night, every day (Every night, every day)
From January to December

Everybody (Everybody, everybody)
Everybody (Everybody, everybody)
Everybody (Everybody, everybody)
Everybody (Everybody, everybody)
Everybody (Everybody, everybody)
Everybody (Everybody, everybody)
