

# Hello

Ogie Alcasid

Hi, hello  
It's nice to see you again  
I didn't quite expect this  
I don't know what to say

Seems so strange  
To see you standing there  
Thought you left forever  
Now, you reappear

Yes, I know  
It's been a long-long time  
And yes, we left on a sour note  
That led to a sad goodbye

But here we are  
My heart beats once again  
Is this a new beginning? What can I say?  
Well, hello

Seems so strange  
To see you standing there  
Thought you left forever  
Now, you reappear

Yes, I know  
It's been a long-long time  
And yes, we left on a sour note  
That led to a sad goodbye

But here we are  
My heart beats once again  
Is this a new beginning? What can I say?  
Well, hello

Yes, I know  
It's been a long-long time  
And yes, we left on a sour note  
That led to a sad goodbye

But here we are  
My heart beats once again  
Is this a new beginning? What can I say?  
Well, hello
