

We Two

Ogie Alcasid

Stretch out your hand
And move far beyond
Into some Wonderland
Build a dream
Then make it seem
Complete reality

Thoughts of castles in our sleep
And promises we said we keep
In smiles and tears that we two will share

We two will be together
We two, until forever
And when you say to me "I do."
I'll promise of a love that's true
Will be yours
Forever

Take my hand
Let's make hope gets real
Promises and love
Hopes and dreams
That the angels have seen
Even follow in love

Then that castle, we'll call our home
With kids, a family of our own
In smiles and tears that we all will share

We two will be together
We two, until forever
And when you say to me "I do."
I'll promise of a love that's true
Will be yours
Forever
