Oh Land

It's just the way it is  
So many lives I lived  
So many layers more  
You're peeling off my core  
You're unafraid and curious  
You are honest you are generous

You let the moon shine in  
But I can't break out of my dark pattern  
And still you will take my hand  
And I have to slowly unlearn everything  
Unlearn and stay open

I have to look away  
Retract into my space  
And gather all my strength  
To openly embrace  
A familiar melancholy  
Wanna shake it off and set it free  
Set it free

You let the moon shine in  
But I can't break out of my dark pattern  
And still you will take my hand  
And I have to slowly unlearn everything  
Unlearn and stay open
