

Abysmal Urn

Oh Sees

Your generation is complicated
I see you're feeling down
What happened to them? Complete destruction
I see you're feeling down

You're so frustrated and inundated
I bet you're feeling down
And you've been baited and feeling hated
I bet you're feeling down

Your generation is complicated
I see you're feeling down
What happened to them? Complete destruction
I see you're feeling down

You're so frustrated, you're inundated
I bet you're feeling down
