

Blimp

Oh Sees

Hey
I'm a fucking blimp
Shadow over your head
Screaming over the dead

I'm the new hero
I'm bleeding and I've lost control
Can you heal my soul?
It's leaking from a bullet hole

Hey
You're a fucking simp
I'm over your head
I'm obscuring the dead

I'm the old hero
I'm signaling, I've lost control
I'm all full of holes
I'm blowing in the rotten wind

The tedium
Of helium
Chameleon
And then I'm up
And then I'm down
So full of air
A fucking clown
Until I drown
And then I'm up
And then I'm down
I'm in the sea
I'm in the ground
I'm all around
Can't be let down
I'm all around
Down, down

Hey
I'm a fucking blimp
Shadow over your head
Screaming over the dead

I'm a new hero
I'm preachy but full of holes
I've a plastic soul
I'm leeching in the ground below

Hey
I'm a fucking blimp
