

## Friends Defined

Oh Sees

I subscribe  
To friends defined  
And shed light  
Light upon our home  
(Home home home home)

Don't want it in my home  
Don't want it in on my phone  
It comes trough wires  
(Comes trough wires)

I desire  
A friend  
They lie  
Enemy size  
As all real life  
(Life life life life)

Don't want it in my home  
Don't want it in on the phone  
It comes trough all wires
