

# Frock Block

Oh Sees

Frock block

It's the fucking church who took the cash  
Covered up their crimes and their ass  
The leaders have a problem with a growing world  
Working old laws and clutching pearls

Frock block  
Frock block  
Frock block  
Frock block

Fear is the hammer in their fucking hand  
Exploiting the death of an long dead man  
Bending all the teaching of the son of god  
To prop up the belief that self is bad

Frock block  
Frock block  
Frock block  
Frock block

Being yourself is simple not a crime  
You won't burn in hell for all the time  
I came because I had to take a look  
Don't listen to the judgement based on the book
