

Intercepted Message

Oh Sees

They offer something you can be
But if you ask, its not for free
It's not for free

It won't add up
They won't come around
Your King's a cunt
It keeps you dumb

Why search for something you can't see
What could the message be?
What could the message be?
Why offer something you once had
So you feel real bad
You will feel real bad

AOH!

The system wants you to feel free
But you'll not succeed, yeah, you'll not succeed

It won't add up
They won't come around
Your King's a cunt
It keeps you dumb

They fabricate the things you read
So be careful, see, what you believe
Why vanquish something you once had?
So you feel real bad
Yeah, you feel real bad

AOH!
