

## Night Crawler

Oh Sees

A subtle slayer  
Ruined kids again  
They put their lights out  
Hold their heads again  
And what about parents?  
They lost their kids again  
And their answer?  
They're holding hands again

Whoa, the children  
Falling down again  
He cuts their lives out  
Now, they're in a hole  
Hey, what if we're canceled?  
Not so good right now  
And what about the future?  
Without our kids around
