

Perm Act

Oh Sees

Walking up and down all around in the line
Following their orders, dressed and looking fine
Eating in their car while you're gasping in the dirt
Training proper thugs to give and take some hurt
Fair laws, pretty fair laws, meant to hold the line
Heavy on the masses, oppression by design

Grinning observations, cops when feelings hurt
Try to uphold order, beat you in the dirt
Fraternizing killers, truncheon on the dash
Brandishing a weapon, thinking you are trash
Fair game, a pretty fair game, as long as you subserve
Lying under boot heels, laying in the dirt
