

## Pixelated Moon

Oh Sees

The first time you do it again  
In the mutant swamp  
Last time you look in the eyes  
Floating in the muck

The first part  
It seems human  
At least I think I'm human

Last night I suffered again  
From the tombstone hop  
One time I suck on the vein  
Full of mutant slop

The first part  
Seems human  
Last time I am human

Look now I've done it again  
Under moon drip-drops  
Pixelated with my friends  
At the graveyard bop

The first part  
It seems human  
Last time I am human

A black bell ring in my mind  
Signaling nonstop  
Sunlight burns my eyes  
In the tomb I drop

I recall  
I'm human  
Last time, come on, I am human
