Red Study

Oh Sees

I'm gonna tell a lie
Look you in the eye
I can't spin a truthful tale
So no use in trying

I drink 7 Up
Bubbles in the gut
Foaming up and undulant
An unpleasant surprise

If you pass me by
I might cross my eyes
I appear, in a picture
Hanging from a vine

I am right at home
Reflected in your phone
You're gonna tell a gruesome tale
One text at a time

I'm gonna take a nap
Nestled in the crap
Lay upon the garbage rotting
Deep inside of you

I drink 7 Up
I smoke CBD
I'm gonna teach you how to be
A fuckin' fool for free
