

## So Nice

Oh Sees

Remember a day  
When fat kids got pie  
A light twisted sky  
Enlighten me

A chilly young boy  
Is faked in the Earth  
His hand in her purse  
Stealing money

And cannonball wine  
And glasses so fine  
Yours just fills with gold  
It's heavy and all

So nice  
It would be so nice  
To finally see  
To finally see  
What's waiting for me
