

The Guilded Cunt

Oh Sees

Hey there waterfall
Tell me how you're rolling by yourself
Tell me that you love me
Tell me that it's all you know to do

Hey there rubbish man
Give your cunt a hand, you know you should
Show her that you love her
Show her that it's all you know to do

Cause you wait for hours
Out in the streetlight under the shower

Hey there waterfall
Tell me how you're rolling by yourself
Tell me that you love me
Tell me that it's all you know to do

Hey there rubbish [?] man
Give your cunt a hand, you know you should
Show her that you love her
Show her that it's all you know to do

Cause you wait for hours
Out in the streetlight under the shower
