

Toadstool Experiment

Oh Sees

I can't think about
[?] with kids around
I can't fabricate
All this research
On a breezy day
I could blow away
There's no problems
To come down to

Oversaturate
Overstimulate
I drift and to think
You'd find it boring
Half a holy man
In the garbage can
I disintegrate
Shoot your brains out

Yeah [x4]

Yeah

Overstimulate

I disintegrate
Shoot my brains out

Yeah [x14]
