

## Wait Let's Go

Oh Sees

Wait  
Let's wait  
I think I understand  
So  
Let's go  
Outside

And when we walked around  
All kinds of people let us down

Take  
Let's take  
All the bass outside  
And cry  
Let's cry  
'Cause they're all alone

And when we walked around  
It was quiet not a sound

Wait  
Let's wait  
I understand  
Go  
Let's go  
Outside

And when we walked around  
It was quiet not a sound
