

I Wish I Never Met You

Oh Wonder

What a way to wake up
Feelin' like I'm overexposed
I guess it's kind of messed up
That I just wanna keep myself closed

Nothing hurts like bein' blindsided by life
Nothing hurts like thinkin' I'm not good enough

I wish I never met you
But it's a little too late
I wish I never met you
But it's a little too late

You left me with these issues
That I just can't seem to shake
I wish I never met you, oh
But it's a little too late
Yeah, it's a little too late
It's a little too late

When I was a young one
Never saw a cloud in the sky
But now I'm comin' undone
Starin' at myself, wondering why

Nothing hurts like bein' blindsided by life
Nothing hurts like thinkin' I'm not good enough

I wish I never met you
But it's a little too late
I wish I never met you, oh
But it's a little too late

You left me with these issues

That I just can't seem to shake
I wish I never met you, oh
But it's a little too late
Yeah, that's a little too late
Yeah, It's a little, it's a little too late

I cried like a river
Fist fight with the mirror
I guess life ain't all glitter
I wish I never met you
It takes time to get bigger
Shine bright, find a rhythm
And I'll try not be bitter

I just wish I never met you
But it's a little too late
Yeah, I wish I never met you
Yeah, it's a little too late

I wish I never met you
But it's a little too late
I wish I never met you, oh

But it's a little too late
You left me with these issues
That I just can't seem to shake
I wish I never met you, oh
But it's a little too

(You left me with these issues)
(That I just can't seem to shake)
(I wish I never met you, oh)
(But it's a little too late)
